Lionel,

I'm wondering whether you're going to be in town this week for RTOC or next week for the Drinking Water Director's meeting? Since you and your attorney were unable to attend last month's EPA/Hopi Tribe consultation meeting and we haven't heard from your office, I would like to meet with you on next steps in developing a possible pathway to ensure drinking water that meets all federal standards is served at Mishongovi, Sipaulovi, Shungopavi, and Polacca. Any thoughts, ideas, and/or recommendations you and your management and council can bring to the meeting would be helpful. EPA understands that Tim Bodell, Hopi Utility Director, had a HAMP scoping meeting with Village representatives last week and we would like to hear more about this meeting. We would like to continue to work closely with the Villages and Tribal Government to put the Village PWSs on a path towards compliance and we need the Tribe's input and collaboration to reach a successful and feasible resolution. These matters are urgent and we would very much like to continue to work with the Hopi Tribe.

I'll be in the office this week and please feel free to contact me. Thanks.
